Judge R E Evans is an applicant for the appointment of supreme judge by virtue of the carrying of four additional judges. Mr. Evans is well qualified for the position, and we do not doubt but what Gov. Sheldon will favor his appointment.

A petition was filed in Judge D C Stinson's court Thursday by Fred S Berry asking for a recount of the ballots cast for county attorney at the recent election. The official canvass of the vote showed that J J McAllister had a majority of seven votes over Berry, and the latter thinks there are ample grounds for a recount.

It was indeed a joyous occasion, long to be remembered and their numerous friends will wish them many more returns of their anniversary day.

Sioux City Journal, 17th: A P Norwood, as intervenor in the case of Laura E Hart formerly Laura Fisher, against Oliver Fisher, defendant, has filed a petition that he furnished Oliver Fisher \$300.00 with which to secure letters of patent upon a device for delivering and receiving mail. Fisher having agreed to assign to him all rights in the patent and then refused to abide by the terms of the agreement. Norwood would have the court make him surrender his title to the patent. L M Huffman, the 63-year-old morning side farmer who fell on the sharp stub of a corn stalk last week, died at his home in Morning Side Sunday evening at 8 o'clock. While hauling a load of stalks

across the field Huffman slid from the wagon, the sharp stub punctured his right side and entered the lung. Despite weakness from the loss of blood, Huffman walked a distance of a block and a half to his home. Mr. Huffman was born September 13, 1843, and came to Dakota county with his stepfather June 30, 1856. He was married to Fidelia Shook March 25, 1865, in Sioux City. They lived at Homer, Neb., until thirteen years ago and then came back to Sioux City, where they have made their home at Morning Side. Huffman was well known in Nebraska and leaves many friends. He was the father of ten children, two of whom are dead, and leaves his wife and eight children to mourn his loss. Funeral arrangements will not be made until the arrival of relatives. Police "Jack" Shay, the best known police court character in Sioux City, is serving a sentence in the county jail for vagrancy his former wife is fighting for a share in a \$250,000 estate. Mrs. Shay, who seven years ago quit "Jack" when the couple lived at Jefferson, S D, and married "Jack's" hired man, Frank Repp, is now at Mason City, Ia., contesting the will of her father, Sebastian Walsh. The will left all the property to the eldest son, William Walsh. There are several other children besides Mrs. Repp, formerly Mrs. Shay. When "Jack" at the county jail was told of the circumstance a reminiscent gleam appeared in his bloodshot eyes and he recalled the days when he met and wooed his former wife at Burchinal, a small settlement near Mason City. "After we were married I worked hard, acquired a good sized farm and had it paid for," he said. "The statement that my wife's father gave her a farm as a wedding present is not true. We finally settled at Jefferson, S D. Repp worked for me. We had trouble over my wife and I fired two shots into Repp's body. Then I gave her a divorce, and it was because she afterwards married Repp that her father cut her off and refused to recognize her any longer as a member of the family. He was a Catholic." Shay attributes his addiction to liquor to his domestic troubles. It is said that William Walsh, who has been named as the sole heir, is a hardworking farmer, who already has acquired considerable wealth. It is said the elder Walsh always lived economically despite his wealth and worked from early morning until late at night.

## How About a Steel Range

as substantially and well made as a Round Oak Stove? With what you know about the Round Oak you would naturally think it a pretty good range, wouldn't you?

Well, it is; it is built the Round Oak way and it is named the Round Oak Chief Steel Range. If you wanted a range it wouldn't make much difference what sort you bought if they were all alike, but they are not. There is as much difference in them as there are in the people, who use them. If you want a Range that will give you perfect satisfaction, save you fuel every day you use it and is honestly made from best materials by experienced and careful labor; a range that will last you a lifetime and at the same time can be bought for a reasonable price, you want the Chief.

Nothing in the country is equal to it for solid, substantial quality. True economy means to buy the best. You are invited to call in and see it.

The Round Oak Stoves are so well and favorably known in this vicinity that nothing further need to be said about them.
